

HSCB VISION

We will work together to support children and young people in Hartlepool to grow up in an environment in which they are safe from harm and are given the best possible chance to reach their potential.

HSCB VALUES

1. The well-being and safety of children and young people in Hartlepool will be at the centre of all HSCB activity.
2. HSCB is a learning organisation and will develop in response to evidence and best practice.
3. We will work in an open and honest manner with children, young people, their families and carers, and with each other.
4. The work of the Board will address the well-being needs of children and young people at the earliest opportunity to prevent the need for later child protection intervention whenever possible.
5. Each member organisation will empower their representatives on the board to fully undertake their roles and responsibilities and each board member will fully contribute to achieving the vision and priorities of the Board.
6. We will work closely with other partners in Hartlepool and, where appropriate, further afield to deliver our vision and priorities.
7. We will challenge each other and be ready to receive challenge as we work together in a spirit of mutual respect.
